

Holy Trinity Cemetery Interview:

Interviewer: Eric M. Daly-USEPA On-Scene Coordinator

Interviewed:

Notes:

**Frequency:** hours/day, days/week, weeks/year; **Structure Definition:** The main building that contains the viewing room, office, apartment and maintenance garage; **Outdoor Areas Definition:** Consists of the field north of the office building and the roadway located east of the property. A map is included with the outdoor areas of concerned identified. Questions below only pertain to these outdoor areas and not the cemetery proper.

1. What are the operational days/hours at Holy Trinity Cemetery?
2. Holy Trinity Cemetery Personnel (Indoor):
  - a. How many people work/live inside the Holy Trinity Cemetery structure (Chapel/Office/Maintenance/Apartment) and their positions?
  - b. On average, how many hours per 7 days does each position work inside the building?
  - c. Describe each location the personnel works in.
3. Holy Trinity Cemetery Personnel (Outdoor):
  - a. How many people work outside of Holy Trinity Cemetery structure and their positions (landscapers, parking lot duties, laborers)?
  - b. On average, how many hours per 7 days does each position work outside the building?
  - c. Describe each location the personnel works in.
  - d. Describe activities that have been ceased due to radioactive contamination and what those normal work frequency would be if normal operations were reinstated (Example: Mowing the grass in the field).
4. Holy Trinity Cemetery-Patrons/Contractors (Indoor):
  - a. How many people on average per week occupy the Holy Trinity Cemetery structure?
  - b. On average, how many hours per 7 days are there patrons/contractors in the building?
  - c. Describe each location the patrons/contractors could visit inside the structure?
  - d. Are there any children frequenting the Holy Trinity Cemetery structure?
  - e. If so, how many and how often?
  - f. Describe the locations within the building.
5. Holy Trinity Cemetery Patrons/Contractors (Outdoor):
  - a. How often are patrons/contractors gathering or working outside of Holy Trinity Cemetery and their positions? Example: Parking Lot activities, casual use by public [cemetery patrons/trespassers] in Outdoor Areas, etc.?
  - b. Are there any significant work or construction projects planned inside or outside of the Holy Trinity Cemetery structure (Additions, parking lot repair or excavation)?
  - c. Are there any plans to utilize/develop the specific Outdoor Areas of concern (expansion of cemetery)? If so, please describe and dates planned for construction or use.
  - d. Are there any sections of your building that you do not fully utilize due to the recommendations of county/state/federal environmental agencies in reference to potential risk of radiation exposure? If so, when were you first notified and specify which locations in your building?
  - e. Are there any sections of your outdoor property that you do not fully utilize due to the recommendations of county/state/federal environmental agencies in reference to potential risk of radiation exposure? If so, when were you first notified? Which agency/agencies? Please specify which locations on your property?
